## Multi Year Accessibility Plan

Last updated December 2023

In 2005, the Ontario government passed the Accessibility for Ontarians with Disabilities Act (AODA) with the goal to make Ontario completely accessible by 2025. The Integrated Accessibility Standards Regulations (IASR), under the AODA, requires that effective January 1, 2013 that we establish, implement, maintain, and document a multi-year accessibility plan which outlines the hotel's strategy to prevent and remove barriers for persons with disabilities and to meet our requirements under the IASR.

Under the AODA, the following accessibility standards set certain requirements that are applicable to the Delta Hotels by Marriott Kingston Waterfront:

- Customer Service
- Information and Communication
- Employment

This multi-year plan will outline our strategy to prevent and remove barriers to address our current and future requirements under the AODA.

### STATEMENT OF COMMITMENT

Delta Hotels by Marriott Kingston Waterfront is committed to treating all people in a way that allows them to maintain their dignity and independence. We are committed to meeting the needs of people with disabilities in a timely manner by preventing and removing barriers to accessibility and meeting accessibility requirements under the AODA.

### CUSTOMER SERVICE

Since December 2011, we have been in compliance with the Accessible Customer Service Regulation under the AODA and will continue to comply with that regulation on an ongoing basis.

#### Actions Taken:

- Ensured that everyone on behalf of the Delta Hotels by Marriott Kingston Waterfront who deals with the public or who is involved in the development of policies and practices, has been trained to communicate and provide accessible customer service to all customers and guests, including those with disabilities
- Ensuring that our staff are aware of and trained on how to use of any assistive devices that we have onsite that may be used by someone with a disability when accessing our hotel.
- Ensure that the training that we provide is tracked and recorded
- Although we have a No Pet policy, we ensure that customers and guests accompanied by a service animal in areas of the hotel that are open to the public, are accommodated.
- Ensuring that if a customer or guest is accompanied by a support person, then the support person is accommodated. For example, if the support person is assisting another guest who is participating at a hotel event involving food & beverage, but not taking part in the event themselves, they will not be charged the fee to attend the function.
- Notifying all guests and customers in the event of a disruption of service, planned or unexpected, which may interfere with persons with disabilities from accessing our goods & services. For example, the elevators are out of order for repairs.

- Continue to welcome and appreciate feedback from persons with disabilities via multiple communication channels (i.e. verbal, email, written).
